The Canons Partnership

Investing in The Canons

THE CANONS OPEN DAYS

Come and explore The Canons. See inside the dovecote and take a tour of the house. See how the house would have looked when it was first built. Do you know why the windows at the front were built 'blind'? Did you know that the original layout of the staircase was different to how it is now?

These and many other interesting facts will be revealed by the team who are working on the Conservation Management Plan, which will form the foundation of the plans for the investment in The Canons through this National Lottery funded project.

We want to know your views on what should be done and how. So come along and have your say at two Open Days.

SATURDAY 23 JANUARY, 12 – 4PM.

Tours of the house, grounds and dovecote, plus a treasure hunt and bouncy slide for children. Displays of the site as it was in the past and how the house has developed over three centuries. Refreshments available. Entrance is free.

WEDNESDAY 27 JANUARY 6 – 8PM.

Come and meet with Southern Green, the team producing the Conservation Management Plan – to give your views on the development of the project. The team will be on hand with plans and drawings to reveal some secrets of the house and grounds

There will be tours of the house and an opportunity for you to give your views on the project and how The Canons house and surrounding open spaces could be made a more vibrant and fun place to be.
